

University of St Andrews

School of Philosophical, Anthropological & Film Studies

DEPARTMENT OF PHILOSOPHY

PY2011 Foundations of Western Philosophy

INSTRUCTIONS FOR TAKE HOME ASSIGNMENT 1

1. From 23.59 on the day on which the assignment begins, you will be able to download the question paper from the module in MMS. To find the question paper, look in the Content section of PY2011, in the relevant 'Take Home Assignment' folder. (i.e. Take Home Assignment 1)
2. Note the deadline – it will be exactly one week after the question paper first becomes available (and will therefore be at **23.59** on the day in question. The deadline will be enforced strictly (see the notes below).
3. Read the rubric carefully, noting how many questions you should answer, where there are restrictions on question choice (e.g. just one question from each section), and the word limit for each answer.
3. DO NOT exceed the word limit (not even by one word).
4. Complete your answers in a single Microsoft Word or PDF document, making sure you number your answers to indicate which questions you are answering. This document should NOT contain your name, but it SHOULD give your university matriculation number (i.e. your university ID number).
5. Upload your document to the appropriate slot in MMS.

Some points to note:

- i. The deadline will be enforced **strictly** – failure to submit the work before the deadline will result in lateness penalties, **1 mark per day or part thereof.**
- ii. In exceptional circumstances, where a student has been prevented from completing the assignment before the deadline by illness or other unforeseeable circumstances beyond their control, they may apply for a short extension. Any such request should be made by using the extension form

available from the School website. Please do NOT make such requests to tutors or module coordinators.
